

How to Navigate Early Owego & Frequently Asked Questions

Shopping Baskets

Baskets are located at the front door and at the tops of the stairs for your use!

Holding Items at the Front Counter

We will gladly hold items you are interested in purchasing behind the counter, so you don't have to carry the item(s) around with you while continuing your treasure hunting!

Display Cases

See an item you want to view closer in one of our independent or booth glass showcases? Locate the Key # listed on the showcase. Then alert a store clerk with the key #, and they will open the case for you to take a closer look at the item. If you are upstairs, please call the cashier desk at 607/223-4723.
